Family Child Care Providers

For children that thrive in a more intimate environment, CNC's Home Network and Early Learning Ventures Alliance is where you will find engaging classrooms, stimulating curriculum and creative play areas in a home setting. Our licensed Family Child Care Home

Providers offer the same comprehensive, quality programs as our Centers, and many accommodate non-traditional work schedules.

Dare to Dream Before & After School

CNC's Dare to Dream Before and After School program offers children ages 5-14 opportunities to learn, explore and make new friends Available in four Harrison District Two schools, Dare to Dream includes nutritious snacks, free time, fun activities and homework help in a safe setting. The full-day Dare to Dream summer program features weekly themes, clubs, field trips, reading, math, art and science projects.

Why CNC?

Choosing the right child care setting for your child is one of the most important decisions you'll make. Child Nursery Centers is the oldest nonprofit child care organization in Colorado and recognized statewide as a leader in early childhood education. Our comprehensive, whole-child approach and literacy-focused curriculum is geared toward preparing your child for success in school and in life.

Enrolling Year-Round

Child Nursery Centers

A leader in early care and education since 1897.

We invite you to explore our programs and variety of settings including centers, homes and school sites. Please visit our web site to learn more. To meet the CNC team and schedule a tour, call us.

Our Mission

To provide high quality, comprehensive early care and education for **ALL** children.

LEARN

Our curriculum, *The Storybook Journey*, uses excellent children's literature to promote early learning and literacy. The program integrates language, math, science, social studies, music, and movement into your child's day. This literacy-rich program helps

children build a strong foundation for future success in school and develop a love for books and reading.

PLAY

Young children learn naturally while they play. Our sites are filled with age appropriate toys and materials that encourage them to explore, experiment, imagine and create.

Our teachers gently guide indoor and outdoor activities and experiences to stimulate active learning and foster intellectual, emotional, social, and physical development.

GROW

Our children start their day with a nutritious breakfast. They are also served a wholesome lunch and afternoon snack. CNC's

medical staff provides health care services and connects families with additional community resources to meet their health care needs. Our Get Well Center provides care for mildly ill children (ages 3 and up) whose parents are working or going to school.
